

# Global Telemedicine Market (Telehome and TeleHospital): Size, Trends & Forecasts (2017-2021)

March 2017

# Global Telemedicine Market Report

## Scope of the Report

The report entitled “Global Telemedicine Market: Size, Trends & Forecasts (2017-2021)”, provides analysis of the global telemedicine market, with detailed analysis of market size and growth, and segmentation of the industry. The analysis includes the market by value and by segmentation. The report also provides the analysis of the global telemedicine market of the following regions: North America, Europe and Asia Pacific.

Moreover, the report also assesses the key opportunities in the market and outlines the factors that are and will be driving the growth of the industry. Growth of the overall global telemedicine market has also been forecasted for the years 2017-2021, taking into consideration the previous growth patterns, the growth drivers and the current and future trends.

Teladoc Inc., AMD Global Telemedicine Inc., Honeywell Life Care Solutions and Doctor On Demand are some of the key players operating in the global telemedicine market, whose company profiling has been done in the report. In this segment of the report, business overview, financial overview and business strategies of the companies are provided.

## Country Coverage

North America

Europe

Asia Pacific

## Company Coverage

Teladoc Inc.

AMD Global Telemedicine Inc

Honeywell Life Care Solutions

Doctor On Demand

# Global Telemedicine Market Report

## Executive Summary

Healthcare is defined as the procedure or methods employed in alimentation and enhancement of health. The healthcare procedure involved diagnosis, treatment and prevention of diseases by healthcare professionals like physicians, dentistry, chiropractic, optometry, psychology and others. The healthcare can be classified into: traditional itinerant healthcare, in which patient get diagnosed from healthcare professional by visiting hospital and clinics ;and on-demand healthcare, which involves technology interference in healthcare, to provide facilities to obtain healthcare services at any place and time.

The on-demand healthcare is further categorized in three categories: brick-and-mortar, telehealth and telemedicine. The brick-and-mortar helps in providing the nearby hospitals, clinics and healthcare location to the patients. The telehealth comprised of software and technologies that facilitates the customers to monitor their health 24\*7 by own through websites, mobile applications and others. The telemedicine deals in remotely delivery in healthcare services like, health assessments or consultations, with the help of telecommunication network. There are three broad categories of telemedicine: Two-way audio/visual communication; remote monitoring; and store-and-forward, providers share patient medical information like lab reports at another location.

The telemedicine market is segmented into three segments: on the basis of end user, it consist of the telehome users and telehospital users; on the basis of medium, it contain a telemedicine technology and telemedicine services; and on the basis of specialty, like Dermatology, Gynecology, Cardiology, Neurology, Orthopedics, etc. The global telemedicine market is expected to increase at high growth rates during the forecasted period (2017-2021). The global telemedicine market is supported by various growth drivers, such as increasing ageing population, increasing chronic diseases, rising per capita healthcare expenditure, technological innovation, reach in rural and remote area, etc. Yet, the market faces certain challenges, such as, resistance in accepting technology, high implementation cost, legal issues, lack of infrastructure, etc.

# Global Telemedicine Market Overview

Global Telemedicine Market By Value;  
2010-2015 (US\$ Billion)

The global telemedicine market reached to US\$... billion in 2016, as compared to US\$... billion in 2010. the market increased with a CAGR ...% of over the years 2010-2016. The global telemedicine market has increased due to the factor ..... The global telemedicine market is expected to be valued at US\$... billion in 2017. The global telemedicine market is projected to reach US\$... billion by 2021 as compared to US\$... billion in 2018, representing a CAGR of ...% over the years 2017-2021

Global Telemedicine Market By Value;  
2017-2021 (US\$ Billion)

Global Telemedicine Market By End User;  
2106

# Global Telemedicine Market Segments Overview

## Global Telehome Market By Value; 2015-2021 (US\$ Billion)

## Global Telehospital Market By Value; 2015-2021 (US\$ Billion)

## Global Telemedicine Market Segment By Specialty; 2015

The global telehome market was valued at US\$.. billion in 2016. The global telehome market is projected to reach US\$.. billion by 2021 as compared to US\$.. billion in 2017, representing a CAGR of ..% over the years 2017-2021. The global telehome market was valued at US\$.. billion in 2016. The global telehospital market is projected to reach US\$.. billion by 2021 as compared to US\$.. billion in 2016, representing a CAGR of ..% over the years 2017-2021. The global telemedicine market has been divided into segments on the basis of specialty, such as: Dermatology, Gynecology, etc.

# Global Telemedicine Market: Regional Overview

## North America Telemedicine Market By Value; 2015-2021 (US\$ Billion)

The North America telemedicine market estimated to reach US\$... billion in 2021, as compared to US\$... billion in 2016. The market is projected to grow at a CAGR of ...% over the year 2017 to 2021. The Europe telemedicine market is expected to reach US\$... billion in 2021, incremented from US\$... billion in 2016. The telemedicine market is expected to expand at a CAGR of ...% over the year 2017 to 2021. The Asia Pacific telemedicine market is anticipated to reach US\$... billion in 2021 incremented from US\$... billion in 2016. The market is forecasted to grow at a CAGR of ...% over the year 2017 to 2021.

The factor responsible for the growth are

## Europe Telemedicine Market By Value; 2015-2021 (US\$ Billion)

## Asia Pacific Telemedicine Market By Value; 2015-2021 (US\$ Billion)
