Scope of the Report

Attributes	Details
Title	Global Surveillance Camera Market: Size & Forecast with Impact Analysis of COVID-19 (2020-2024)
Coverage	Global and Regional
Regional Coverage	Asia Pacific, North America, Europe, ROW
Market Influencing Variables	Growth Drivers, Challenges, Market Trends
Forecast Period of Market	2020-2024
Competition in the Market	Fragmented
Key Players	Hangzhou Hikvision Digital Technology Co., Ltd., Zhejiang Dahua Technology Co., Ltd., Robert Bosch GmbH (Bosch Security Systems), Axis Communications AB

Global Surveillance Camera Market

Executive Summary

A surveillance camera is used for providing security for private as well as public places; monitoring activities; information gathering, or ensuring public safety. Now, many surveillance cameras offer audio surveillance in addition to the video imagery. In the future, cameras are becoming smarter and will be able to not just process an image but also to detect and to recognise objects in an image.

The different types of surveillance cameras are used for different situations. The surveillance cameras can be broadly categorized into five types: Bullet, Dome, PTZ, Box, and Turret Camera.

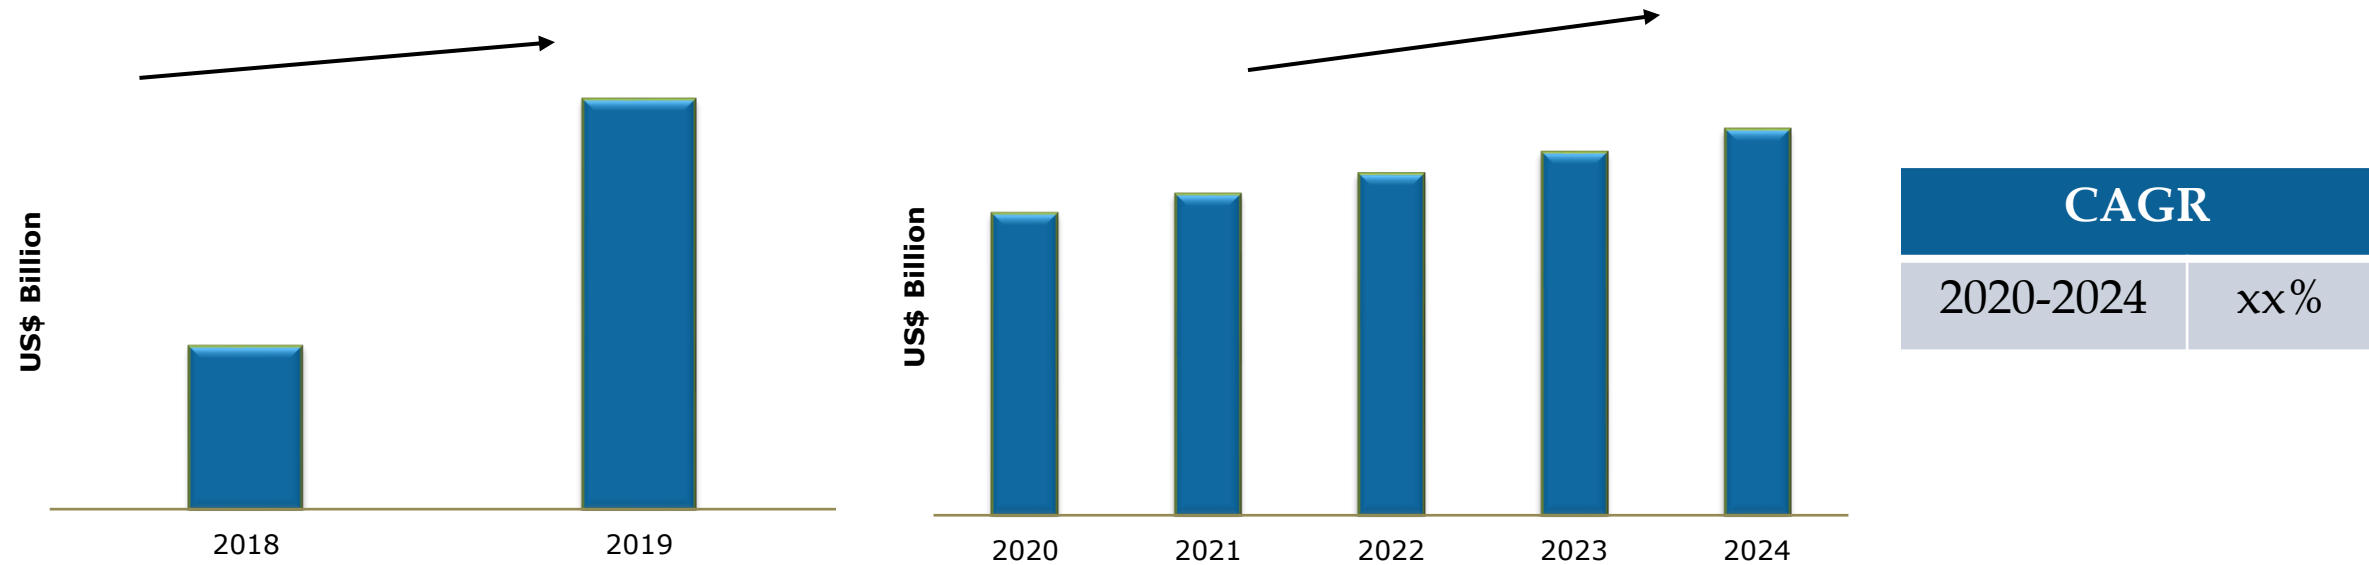

The major uses of surveillance camera include remote video monitoring, facility protection, monitor operations, loss prevention, employee safety, parking lots, public safety, traffic monitoring, and event video surveillance. The surveillance cameras can be divided into two system types: Analog Cameras and Digital Cameras. Digital cameras can also be termed as IP cameras.

Surveillance cameras have a long history with continuously developing new technologies. The surveillance camera market can be segmented on the basis of product type, system type, technology, camera resolution, use, and application.

The global surveillance camera market has increased significantly during the years 2018-2019 and projections are made that the market would rise in the next four years i.e. 2020-2024 tremendously. The surveillance camera market is expected to increase due to rapid urbanization, growing number of ATMs, increase in crime rate and threats, rise in infrastructure developments, growing adoption of IP cameras, etc. Yet the market faces some challenges such as high cost involved, security concerns in surveillance cameras, etc.

Surveillance Camera Market: Global Analysis

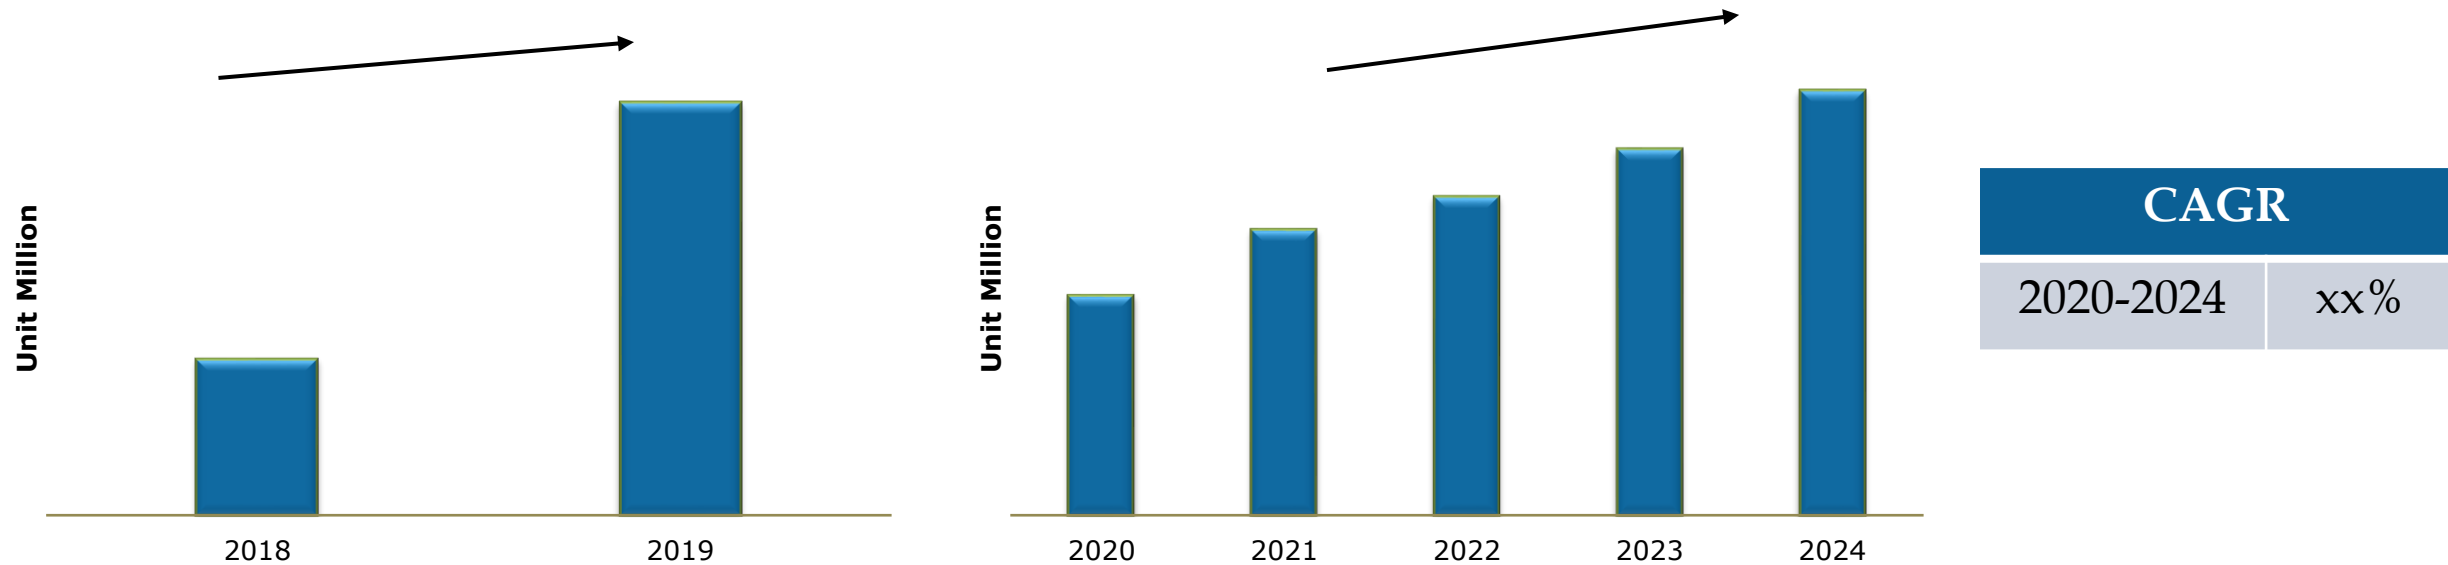

Global Surveillance Camera Market by Value

The global surveillance camera market, valued at US\$.... billion in 2019, increased as compared to US\$... billion in 2018. The global surveillance camera market is anticipated to reach up to US\$... billion by 2024 from US\$... billion in 2020, increasing at a CAGR of% from 2020 to 2024..

Surveillance Camera Market: Global Analysis

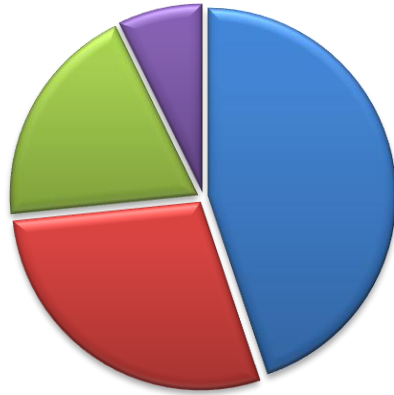

Global Surveillance Camera Market by Volume

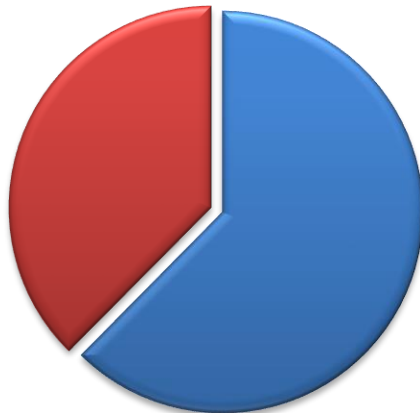

The global surveillance camera market by volume, stood at ... unit million in 2019, increased as compared to ... unit million in 2018. The global surveillance camera market by volume is anticipated to reach up to ... unit million by 2024 from ... unit million in 2020, increasing at a CAGR of% from 2020 to 2024..
