Global Anticoagulants Market : Coverage

Scope of the Report

Attributes	Details
Title	Global Anticoagulants Market (2019-2023 Edition)
Coverage	Global and the US
Forecast Period of Market	2019-2023
Competition in the Market	Fragmented
Key Players	Bayer, BMS/Pfizer, Boehringer Ingelheim and Daiichi Sankyo

Global Anticoagulant Market

Executive Summary

Anticoagulants which are also known as blood thinners are drugs that are prescribed to prevent blood from clotting or stop existing clots from getting larger. The drugs prevent harmful clots forming in heart, veins or arteries. Formation of clots in the blood can lead to heart attack or stroke. These drugs are used to treat strokes, myocardial infarctions, pulmonary embolisms, disseminated intravascular coagulation (DIC) and deep vein thrombosis (DVT)- all potentially life-threatening conditions. Anticoagulants work by interrupting the process involved in the formation of blood clots.

The most commonly prescribed anticoagulant is Warfarin. Newer types of anticoagulants are also available and are becoming increasingly common. These include rivaroxaban (Xarelto), dabigatran (Pradaxa), apixaban (Eliquis), and edoxaban (Savaysa/Lixiana). Warfarin and the newer alternatives are taken as tablets or capsules. There's also an anticoagulant called heparin that can be given by injection.

The global anticoagulants market has increased over the years and is expected to grow in the next four years i.e. 2019-2023, particularly due to development of novel oral anticoagulants (NOACs). The global anticoagulants market is supported by various growth drivers such as growing aging population, rising prevalence of coagulant disorders, increasing demand for NOACs, rising awareness about anticoagulants, etc. Yet, the market faces some challenges which are obstructing the growth of the market. Some of the challenges are stringent regulations from regulatory bodies, high cost of oral anticoagulants, major side-effects associated with the drugs, etc.

The report entitled “Global Anticoagulants Market (2019-2023 Edition)” provides an in-depth analysis of the global anticoagulants market with description of market size and growth. The analysis include market share by treatment, by segment, and by products.

Anticoagulants Market : Global Analysis

Global Anticoagulants Market by Value

The global anticoagulant market value was US\$... billion in 2018. The global anticoagulant market is anticipated to rise up to US\$... billion by 2023 as compared to US\$....billion in 2019, representing a CAGR of% over the years 2019 to 2023.

Anticoagulants Market : Global Analysis

Global Anticoagulants Market Share by Segments; 2018
(Percentage, %)

Segment	Share
Oral Anticoagulant	Xx%
Others	xx%

Global Oral Anticoagulants Market Share by Value;
2016-2018

CAGRs	
2016-2018	xx%

Anticoagulants Market : Global Analysis

Global Anticoagulants Market Share by Products; 2018
(Percentage, %)

Anticoagulants Market : Global Analysis

Global Anticoagulants Market Share by Countries; 2018
(Percentage, %)

Country	Share
The US	xx%
Rest of the World	xx%

Global Xarelto Market Value by Region; 2018
(Percentage, %)

Region	Share
North America	xx%
Rest of the World	xx%

The US Anticoagulants Market: An Analysis

The US Anticoagulants Market Share by Products; 2018
(Percentage, %)

Xarelto, xx%

Eliquis, xx%

Pradaxa, xx%

Savaysa, xx%

The US Anticoagulants Market: An Analysis

The US Anticoagulants Market by Value; 2019-2023

The US Xarelto Market by Value; 2019-2023

The US Eliquis Market by Value; 2019-2023

Region	CAGR
	2019-2023
The US Anticoagulant	xx%
Xarelto	xx%
Eliquis	xx%
Pardaxa	xx%
Savaysa	xx%
